

## 12oz Double-Sided Smooth Banner

---

### Product Description

Duratex 12oz Double-Sided Smooth Banner is a smooth, opaque, flexible PVC banner with a polyester fabric embedded between two PVC vinyl layers. This water-resistant premium product drapes with ease and delivers high opacity to block distracting back light and shadows. This product will give all images a vivid bright appearance.

  - Semi-knife coated construction
- 

### Product Applications

- Indoor signage
  - Banner stands
  - Trade show displays
  - Building signs
  - Front-lit signage
- 

### Storage & Handling

To maintain a shelf life of one year, store materials at a temperature of 72°F with a relative humidity of 50%. Allow material to stabilize to room/printing conditions for 24 hours prior to use.

### Installing

This product can be grommeted for short-term indoor banner applications. Metal grommets should be inserted to penetrate 2-4 layers of materials for increased strength and durability. Standard high tack banner tape can be used for added strength and reinforcement. Sewing the materials can scratch or pick off coating. If sewing is desired, it is recommended that the material be double stitched hem side up with a maximum of five stitches per inch. Half moon wind slits are recommended for banners that are 10 feet or larger. Corner reinforcements, professional installer and proper installation tools are strongly recommended.

---

### Printer Compatibility

Compatible with most Solvent, Eco-Solvent, Latex and UV curable inkjet printers.
