The Lawson
ZOOM-AE

Shown with Standard
Shelf and Floor Legs

Treat Yourself to Quick Turnaround

All-Electric, industrial, state-of-the-art pretreat application sprayer that is ideal for basic to sophisticated spraying of pre-treat solution. Pretreat garments quickly, easily and consistently at the touch of a button - with zero "out-spray."

This pre-treat unit saves space and features an Instant Twist On/Off spray nozzle that can be changed in seconds. In addition, the length of spray is easy to adjust and maintenance is very simple and tool free.

The Zoom-AE comes standard with floor legs, casters and a storage shelf.

Lawson's Zoom-AE Provides:

- ✓ **Quality Prints:** For superior looking prints, the Lawson Zoom-AE sprays the perfect amount of pre-treatment every time, giving you quality direct-to-garment prints.
- ✓ **Consistency:** The Zoom-AE applies any pretreat solution with total accuracy and absolute consistency. You will also use far less pretreat solution compared to spraying by hand.
- ✓ **Speed:** Automatic application of pretreat solution can quadruple your production instantly. Pretreat most items in less than 5 seconds.
- ✓ **Protected Components:** All Drive Components are located outside of the spray chamber, protecting them from the pretreat spray.
- ✓ **Common Parts:** The Zoom-AE uses common parts, so your long-term costs are minimized and maintenance is easy.
